

The Final CALL FOR PAPERS
The Fourth International Workshop on

**ACeSYRI: Modern Experience for PhD students and
Young Researchers**

September 26-28, 2023

The Fourth Workshop on ACeSYRI: Modern Experience for PhD students and Young Researchers is organized in the frame of ERASMUS+ ACeSYRI (Advanced Centre for PhD students and young researchers in informatics) project (reg.no.: 610166-EPP-1-2019-1-SK-EPPKA2-CBHE-JP). The main objective of the event is to bring together PhD students, young researchers, and teachers from the academy as well as industry working in Informatics. We expect that young workshop participants will obtain useful information about modern trends in Informatics. The young researchers will make also short presentations about their own research, and the workshop should allow them to discuss it with recognized experts. The Fourth Workshop on ACeSYRI is managed by the *Research Center for Automatic Control of Nancy (CRAN) which is a joint research unit between the University of Lorraine and the French National Scientific Research Center (CNRS) and Faculty of Management Science and Informatics of the University of Žilina*. The workshop is supported by the ACeSYRI project.

Participation

The workshop ACeSYRI 2023 will be combined (online and presented) forms.

Topics

We invite PhD students, young researchers and University teachers to prepare different presentations and papers for the workshop. We solicit research papers on all areas of Informatics and Computer Science. Both

theoretical and application papers in the field of engineering and human life are considered.

Important dates

Paper submission	1 September 2023
Notification of acceptance	10 September 2023
Camera-ready submission	20 September 2023
Presentation of accepted paper	26-28 September 2023

Submission of contributions

The paper (4-5 full pages) should be submitted to the Program Committee.

Publication

The accepted paper will be published on the workshop web page. Also, we are going to publish the e-version of the workshop proceedings with ISBN. Authors of the best presentations will be invited to publish papers in the open-access CERES journal (<https://ceres-journal.eu>).
